Dear Jim,

Many thanks for your
kind words about the talk
I gave to SDST. For me, it
was a release of pride and
frustration that I had kept
bottled up for eighteen years.
It was good to have an
audience with whom one can
discuss such matters legally
and who seems to have an
interest in ancient history.
Thanks for writing.

Dear [REDACTED]

STAT

I was one of those sitting in our auditorium the other day when you gave your presentation on science and technology in the Agency. You might recall that we met a few years ago when I paid a visit to you at your office. Your talk so impressed me that I felt moved to add my personal appreciation to that which you have no doubt received from others. As I am sure you know, we videotaped your session and I have pressed several of our senior people, who unfortunately were not present for your talk, to take the time to listen to what you had to say. Thank you again.

Sincerely,

STAT
